

Beacon Hill Park Improvements Dog Park

The Beacon Hill Park Improvements Dog Park will include an area for large dog area and small dog area. The two areas will share a dual bow fountain and will each have benches, an ADA picnic table. Trash receptacles, and a dog waste station. The existing decomposed granite trail will be relocated to go around the dog park and allow for the connection to the other Beacon Hill parks. The existing park sign and trash receptacle are being relocated to be outside of the dog park and placed at the head of the trail. The small dog park will have a small dog crawl and shade trees throughout the site. The large dog park has additional benches and shade trees. Both dog parks have a maintenance access gate. Along Elsmere Place and Michigan Ave a pavilion, trash receptacles, and trees are being placed.
