

**DENVER & SAN SALVADOR GREENSPACE IMPROVEMENTS
– 1401 Denver Blvd.**

The applicant is requesting final approval for construction of new improvements at the Denver & San Salvadore Greenspace.

Bender Wells Clark Design has developed Construction Documents for these proposed improvements. Components of this project will include:

- 1) A new accessible concrete path from the existing sidewalk at San Salvador Ave.
- 2) Seating with large natural limestone boulders
- 3) One 3-seat accessible picnic table
- 4) One trash/ recycling unit
- 5) One Mutt-Mitt pet pick-up station

All the proposed improvements will be accessible and constructed of long-lived materials.
