PERFORMANCE DIVIDED LITES

TRUE DIVIDED LITES

True divided lites are the historically authentic method of visually dividing windows. Each division is a separate piece of glass, with wood bars that hold the units in place. TDL bars are available in various custom widths, profiles, and patterns. TDL bars are finished to match the exterior and/or interior, as requested.

1-1/8" Beveled Profile TDL Bars

1-1/8" Ovolo Profile TDL Bars

NOTE: Limitations may apply. Please consult your local [Kolbe dealer](#) for more information.
