08 510 00	WINDOWS		Windsor Pinnacle Collection	Windsor Windows & Doors			Aluminum clad/interior primed	https://www.windsorwindows.com/pinnacle/select/casement-awning	Architect to select from manufacturer's full range of color options. 5/8" Short Grille Putty Glass shall have black spacer
09 00 00 FINISHES									
09 24 03	STUCCO FINISH		Exterior Stucco	La Habra Stucco	Fastwall 300 HE CF Stucco		Smooth Coat		
09 30 00	TILING	B-2	Cantera Base						Contractor shall recess tile at base such that top edge is not exposed as a finished surface. Provide natural finish. Miter all inside and outside corners. Grout joints shall be as tight as possible per manufacturer's recommendations — minimize joint width throughout. Apply penetrating sealer with UV resistance to all surfaces including backs and edges prior to installation. Apply finish coat of sealer upon completion. Interior and exterior locations — verify sealer product is appropriate for both conditions. Dry-lay tile prior to installation to confirm layout for Architect and Owner review and approval. Do not proceed with installation until layout is approved. Submit sealer and grout product data for approval prior to installation.
09 91 13	EXTERIOR PAINTING	PT	Aura Exterior		Exterior Paint				High performance, uv blocking/stable
